

## **Damith Pathirana**

Centre Manager at ESOF  
Metro Campus - Matara

June 12, 2019, Damith managed  
Sarala directly

During her tenure with ESOF, she has been a wonderful co-worker to have in the academic team. If I could highlight one main good point of her out of many, I would pin-point her dedication towards her role in the academic team. She was very approachable lecturer in my panel of lecturers. Students love her so much as she was willing help them complete their course-work even at midnight. I would like to call her a "Completer" by going with the Belbin's team matrix. I wish her all the best to achieve her professional dream. Google/ Facebook/ Apple you better hire her.

**Thisura Indula**

Project Manager at  
Informatics International  
Limited

January 26, 2019, Thisura and  
Sarala were students together

Sarala and I studied together at SLIIT during the period of 2016 - 2018 when I am reading for my MSc in IT and ever since I have known her. Sarala is a outstanding individual with lots of qualities. She is so ambitious, courageous and so keen of her work, also very responsible, since we studied together I have witnessed this several times. Sarala has wide knowledge in several IT related areas and specially she is more passionate about big data related subject areas. I wish her all the very best for her future. [See less](#)

**Dinesh Asanka**

Visiting Lecturer at Sri Lanka  
Institute of Information  
Technology

July 31, 2018, Dinesh was  
Sarala's teacher

Salara was student at SLIIT where I am a lecturer. She is very much keen on research area and she does not bother to take the responsibility on her own. Also, she is very methodical in her work which is an added advantage to her novel thinking. I wish her all the best.

## **Damith Pathirana**

Centre Manager at ESOF  
Metro Campus - Matara

January 31, 2017, Damith  
managed Sarala directly

Sarala and I work together at ESOF Metro Campus Matara branch and I working there are her manager. Her capacity in the field of programming has been a massive leverage to uplift the quality of our institute. She has been an intelligent worker and a lecturer who is highly dedicated to her subjects and always given her maximum to the company and her students. Sarala poses wide variety of skills ranging from programming to basics in ICT and I am happy to recommend her as a great team player as well. During her working time with us over 1 year she has always been one of our finest workers. [See less](#)
